STAFF REPORT

Item 11.

Department of Metropolitan Development
Division of Planning
Current Planning Section

No. *Nov*
7.27.23

Case Number: 2023-ZON-060
Address: 1715 North Meridian Avenue (approximate address)
Location: Center Township, Council District #11
Petitioner: Herron High School, Inc., by David Kingen
Request: Rezoning of 0.625-acre from the C-4 (RC) (TOD) district to the SU-2 (RC) (TOD) district to provide for educational uses.

RECOMMENDATIONS

Staff recommends approval of the petition.

SUMMARY OF ISSUES

The following issues were considered in formulating the recommendation:

LAND USE

- ◇ This 0.625-acre parcel contains a two-story office building, originally constructed in 1910 as a single-family dwelling. Two further expansions were added in 1950 and 1960, respectively. Information provided to the file indicates that the structure was converted to office use approximately 1960
- ◇ This request would provide for the rezoning of the parcel to provide for administrative offices and classrooms for Heron High School. Off-street parking would be provided on an existing parking lot to the north of the structure and on another lot to the east, across the alley. The lot across the alley is located within Herron-Morton Place, a locally designated historic district under the jurisdiction of the Indianapolis Historic Preservation Commission.
- ◇ The proposed use would not fully comply with the Comprehensive Plan recommendation of urban mixed-use, as small-scale schools are preferred to be within mixed-use structures. However, a re-use of an existing and historic structure for educational uses, would be a minor deviation of the Plan's recommendation. Therefore, staff would recommend approval for this request.

TRANSIT ORIENTED DEVELOPMENT OVERLAY

- ◇ Transit-oriented development (TOD) overlay is a new section of the Ordinance, adopted in November 2021, that provides permitted uses and development standards on sites within 1,000 feet from centerline of a Bus Rapid Transit Line. "The intent of the TOD is to coordinate more compact, walkable, and urban development patterns with public investment in the transit system. These development patterns ensure that walking and biking are viable options for short trips and transit is a priority for longer trips. Development patterns and site designs that prioritize automobile travel undermine these public and private investments."

REGIONAL CENTER

- ◇ The site is located within the Regional Center overlay district. Design of all new construction, including parking areas in the Regional Center overlay district, is subject to the approval of the Administrator of the Division of Planning. Minor exterior work is proposed, according to the Project Description (below).

Exhibits

Item 11.

PROJECT DESCRIPTION

This two-story primary existing structure was built in three phases. The historic house was built around 1910, the center two story office space was built around 1950 and the easternmost one-story office expansion was added around 1960.

The Herron Classical Schools proposes to use the structure for administrative offices and classrooms, along with accessible restrooms.

Exterior renovation may include window restoration, repairs and painting of wood elements, masonry repointing, repair to the roof and gutters, repair or replacement of the metal fire stair, parking lot resurfacing and restriping. In addition, there will be construction of a new accessible ramp located off the north elevations to a new service entry. Existing signs and fencing on the 1715 No Meridian property may be replaced or reused.

Re: 2023-ZON-060; R.O. No. 103, 2023; Heron High School, Inc., by David Kingen
1715 North Meridian Street (*Approximate Address*); Center Township

Dear Mr. Kingen,

The Metropolitan Development Commission, at their regular meeting on August 16, 2023, approved and recommended the above-referenced Zoning Ordinance to the City-County Council for adoption. Said Ordinance was duly certified by the Administrator of the Division of Current Planning to the Clerk of the City-County Council, as required by Statute.

The City-County Council, on September 11, 2023, did not schedule said Ordinance for public hearing. This Ordinance, therefore, is deemed adopted by the City-County Council and in full force and effect.

Zoning Ordinance 2023-ZON-060 was approved to the SU-2 (RC) classification.

Sincerely,

Matt Pleasant, AICP
Current Planning Administrator
