To whom it may concern.

My name is Margarette McCarty. I've lived at 3142 Orchard Av 46218 for over 50 years. I'm concerned about a building project that has been proposed for the area.

This was brought to me from some of my neighbors that the buildings are going against zoning regulations. It was brought to my attention that the neighborhood was in favor of this project.

No one has contacted the neighborhood about this project. So there is no way that we can be in favor of something that we are only getting from word of mouth.

There are only two neighbors that I know of that was contacted, and only because they wanted to buy their property.

We as residents need to know by city state officials about what's going on. Thank you for your time and consideration.

Sincerely,
M. A. McCarty

hello ms. blackham.

i and at least one other neighbor object to the petition in this matter. for one thing, the petitioner has not provided sufficient information about the project. i have actually been given information about the project that was inaccurate. the project developer has not engaged with the community in any meaningful way.

also, one of the neighbors told me that she would be unavailable to attend the meeting now scheduled, but she does want to attend hearings in this matter.

thank you.
