

WARREN TOWNSHIP DEVELOPMENT ASSOCIATION

2026-ZON-023

5436 Brookville Road

June 8, 2026

Dear MDC Hearing Examiner Judy Weerts-Hall and Senior Planner Robert Uhlenhake,

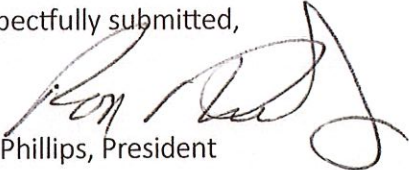

The Warren Township Development Association heard the above petition at our April 2, 2026 board meeting. We again discussed this petition at our June 4, 2026 meeting. Taking 'No Action' was mentioned BUT the consensus was too strong and the board voted to oppose this petition.

There has been much confusion over past violations and penalties. The violation over the tree removal on this property and NO follow up to replanting trees. We hear trees have been planted, and we hear trees are to be planted.

The petitioner should have had professional renderings of what is proposed. Trust is wavering.

The WTDA opposes this petition.

Respectfully submitted,

Ron Phillips, President

Warren Township Development Association
