

Keith Graves

Councilor, District 9

Indianapolis-Marion County City-County Council

June 10, 2026

TO WHOM IT MAY CONCERN:

I am writing to respectfully request a continuation of the following petition:

Case Numbers: 2026-CPL-822 / 2026-CVR-822

Address: 3731 Wellington Ave

The Warren Township Development Association (WTDA) received notice of this petition on May 30. The petitioner did not respond to WTDA's invitation to present at their June 4 meeting until June 2. On June 4, the petitioner then notified WTDA that he was double-booked and unable to attend the meeting, though he did email basic plans for review.

Due to the petitioner not being present at the June 4 meeting, WTDA did not have the required number of days to submit a Request for Automatic Continuance. WTDA is therefore requesting additional time so their board, along with the Far Eastside Community Council representative, may review and hear this petition at their next scheduled meeting on July 2.

I support this request to ensure the appropriate neighborhood stakeholders can review and provide input before the matter proceeds.

Thank you for your consideration.

A handwritten signature in black ink, appearing to read "Keith", followed by a long horizontal line extending to the right.

Sincerely,

Councilor Graves
